SLAA Basic Text (optional)
Paper & Pen (optional)

Our Basic Text suggests that a major sign of recovery is the ability to form 'partnerships' with ourselves, God, and with others. However fear, shame, resentment and our character defects can undermine our efforts in this task. Join members of the fellowship as we explore barriers to healthy, productive partnerships. There'll be speakers and small group discussions. The workshop won't focus on building primary-exclusive relationships but rather on the daily relationship we have with ourselves, God and others.

The workshop is being held at the historic IHM Retreat House located on eight acres in the Los Feliz section of Los Angeles. Bring your own food, something to drink, and have lunch on the grounds of the retreat house. There are also markets and restaurants in the area. For more information: contact Glenn at gglind@yahoo.com or Karma at karma1225@sbcglobal.net or your Intergroup Rep.
